

"It can be stated, as a rule with few exceptions, that whenever in the twentieth century a man has stood up to defend the West against revolution, he has been destroyed by those whom he meant to defend or destroyed with their tacit approval or through their passivity." — Whittaker Chambers

NIXON STATE OF UNION MESSAGE A ZIONIST MESSIANIC CONCEPT

NEW AMERICAN REVOLUTION

By CARL LYONS

The Twentieth Century assault on history outranks any other era in the records of man. A crumbling line of defensive security in civil and moral ideals provides sufficient reason for pervasive anxiety in the search for solutions. A compassionate comprehensive combination of demolition and construction is needed if the Gentile world is to move out of insulated sanctuaries — fortitude and understanding need retreading to escape foreseeable catastrophic events. It is suicidal to avoid realities, or to escape the awareness of them. "Can the blind lead the blind?" said the Christ of yesterday, today and tomorrow.

Nixon's Projectory

Blind obedience to power has been the alchemy of force from the cradle to the grave, "THERE IS DANGER IN THEM THAR WORDS OF ROSY OVERSIMPLIFICATION" — Mass hypnosis is a Nixon trademark to shape impelling force. (The avid Zionist supporter Joseph Alsop quipped, "Nixon's Conversion To Keynesian Way" ... and added, "But politics are often odd.") — The theme of the 60's was anarchy; but the theme of the 70's is a designed challenge, an era of "repair" to the evils of the past; a reaching out for the tranquility of utopian conquest. The casuistry of the Nixon welfare plan is a Jewish-Zionist project, a defensive talismanic idea to avert evil and bring good fortune. — Jeremiah the prophet lamented, and pointed out that wicked and treacherous men, leaders in the nation, had enriched themselves at the expense of their fellow men. They were fat and rich and dealt in false evidence, "regarding neither the rights of widow nor the orphan." — But, the force of history brought judgment, and thus we have the cast-off Jew in a world of dispute and odious conflict, a situation meted out in fate, predating the Babylonian Captivity.

One of the highlights of Nixon's State of The Union Message is a Zionist doctrine of paternalism, a tribal social compunction derived from traditions, mirrored in the day-by-day demeanor of the Jew as related to the degree of the fulfillment of progress in his messianic dreams, and the complete restoration of his homeland. Though Nixon is not a Zionist, he is a collaborator with this occupational force in exile.

(The consensus to fact is identified in the context and the initial act). Charity and welfare in the Marxian view-point is beneficent regulation of providential laws ... and regarding what appears to be charity for the poor now, the Jews will be the real beneficiary under their Messianic Reign as top rulers of mankind in the restoration of their Kingdom while all the non-Jews, those

RICHARD M. NIXON

who do not conform to Judaism, will be held in abject slavery.

The timing of Nixon's speech, and the context coincides with the objectives projected in the meeting of the inter-American Commission on Human Rights at OAS (Organization of American States) Headquarters last October, where Jose Figueres, President of Costa Rica, proposed the creation of a World Food Bank ... and stated, "I am convinced that the dignity of man is incomplete ... when he is unable to achieve a decent standard of living." Mr. Nixon stated, "Let us place a floor under the income of every family with children in America — and without those demeaning soul-stifling affronts to human dignity that so blight the lives of welfare children today" ... "But above all," said Nixon, "What this country can be remembered for is opening the way to a New American Revolution." When he observed "that revolution is here" ... what Mr. Nixon really meant was, "we will extend the revolution." The aims and projections were spawned by the Fabian Society under John Maynard Keynes at Bretton Woods Conference in 1944; an event shrouded in secrecy and tight security. In essence, from out of the past comes the future, and somewhat predictable, as the envoys stamp their features in the political ferment. — The World Food Bank is a companion operation with the International Monetary Fund, and the Export Import Bank; for the centralized control by the Jews in their Messianic Reign. The Share the Wealth Plan, which means returning funds to the States, is a step-in-the-door to total Federal Funding, and the elimination of all State income by direct tax.

As one commentator recently stated: "Governors of the separate States would be less than leaders, sovereign power would be stripped of all freedom of choice. Washington would be king and master — Share the Wealth plan is extortion and blackmail combined." Congress must kill the image of hell, which is everywhere demanding faith in the Nixon magic miracles in secret ceremonial rites.

Karl Marx told German Communist

Workers in 1850 that "it would require years of civil strife and foreign wars, not only to change the existing conditions, but to change yourselves, and make yourselves worthy of WORLD POWER" — On the cover of many Fabian Socialist publications this statement has been summed up as follows: "I will wait long, but when I strike, I strike hard."

The Christian Bible states, "When they say peace, ... there cometh sudden destruction." — Fabians projected a community without religion; fostered free love; encouraged sexual discussion for impact on morals of young intellectuals all the while clothing social revolution with an aura of lofty respectability. The simple pyramiding of success has a two sided nature in the paradox; the solution of one problem is but the formulation of the next one. Private heavens are set forth in a new religion where POT and HEROIN shape the APOCALYPTIC TIME. Thus, teens' excessive indulgence is a secret ceremonial rite to aid and abet indignation of the gods for divine judgment; an ingredient assimilated into the apocalyptic times, which is identified in Jewish writings, extant.

Cigarettes and Pot

Cigarette manufacturers await a green light from Washington, once the legislation is complete for the legal use of marijuana. Then the Cigarette made of POT, warehoused and ready for distribution goes into effect; and where agents have been providing free cigarettes to grade and high school levels, a Mickey will be slipped in, and the student is hooked. News Media reports the open use of POT and HEROIN on many college campuses, off-campus traffic finds sanctuary from civil authority — Quoting from a religious publication on grade school smokers ... "A survey of almost 1,000 Michigan school children between the ages of ten and fifteen, has found that 13 per cent of them smoked cigarettes, and that more than half began at the age of ten. Twelve began at the age of six, many smoked three to five cigarettes per day. Research discloses 84% of drug addicts were introduced to drugs by so-called "friends." Pot is one step under heroin, neither would have widespread use without pushers ... what will legislation do? And who should be held accountable?

The world is headed for a total cataclysmic fall, a design in the religious passions of Judaism's World Zionist Party messianic concept. The New Deal opened the door for the Great Society that pummeled the world with the hammer and sickle, while the pincer movement of Zionism formed a juggernaut, that massive inexorable force crushing whatever is in its path. A complete skeleton is outlined in the book MESSIANIC IDEA IN ISRAEL, by (Continued on Page 2, Column 1)

Messianic Zionist Message

(Continued from Page 1, Column 3)

Joseph Klausner of the Hebrew University, Jerusalem from which we quote: "Truly the Messianic Idea is the most glistening jewel in the crown of Judaism . . . However, the Messianic idea is an idea of sudden catastrophic change," (pg. 25); — "In the belief in the Messiah of the people of Israel, THE POLITICAL PART GOES ARM IN ARM WITH THE ETHICAL PART, and the nationalistic and the universalistic," (pg. 10); — "Hence the Jewish people did not separate faith, which is spiritual from SOCIAL LIFE, which is practical and POLITICAL," (pg. 11); "Zionism considers itself to have come into possession of the inheritance of the Messianic Idea," (pg. 12); — "Redemption encompasses not alone the people Israel and its land, but likewise all peoples and all lands . . . This is the goal of universal righteousness, of which the prophets were the supreme exponents," (pg. 23).

We continue quoting from Klausner's book revealing the profound, elusive, and insoluble human dilemmas, which can be dubbed: the ambiguous aspect of progress in the dialectic history in the achievement of Communism. — "When the kingdom of the House of David becomes a powerful dominion, as it was before the Division, all the people will turn to the SUBSERVIENT OF ISRAEL, as in the time of David . . . then will Israel have not only POLITICAL POWER, but also the WORLD'S ECONOMIC WEALTH. Just as on 'The day of the Lord' the day ordained for punishment, THE ORDER OF NATURE WILL BE CHANGED for the worse, so in the time of salvation it will be changed for the better," pg. 43. — "For the basic principle of the Messianic expectation is nothing else than the longing for the Golden Age in the future, whether near or distant — the exact time was not the most important thing . . ." pg. 57. — "The deeds of man are, therefore, the source of evil both in society and nature. Thus when the day of judgment comes, nature with man must be judged." — Isaiah 2:12-16 (the Mishnah), pg. 59. — "That day is referred to as 'the day of brotherhood of all peoples.' . . . therefore, it is the spiritual absolute of the peoples' Israel," pages 69 and 70.

To comprehend the vastness of the theoretic concept given to the Zionist passions, the conjured phenomena is consistent with those governing the establishment of the Anti-Christ reign entailed in the Scriptures. It is the age-old battle between the Pharisees and the exponents of Jesus, with the Jewish drive to re-establish monotheism. Just as Christ was crucified for His denial of the Jewish way of life, just so is all of humanity crucified for the denial of the Jewish way of life. — Klausner states: "In the Biblical Messianic idea the point of emphasis is the redemption of Israel and the PROPAGATION OF THE IDEA OF MONOTHEISM and divine righteousness," pg. 458, and on page 521 is stated; "What in essence is the task of King-Messiah?" . . . "He redeems Israel from evil and servitude, and he redeems the whole world from oppression, suffering, war, and above all from heathenism and everything which it involves, man's sins both against God and his fellow man, and particularly the sins of a nation against nation. FOR IN THE MESSIANIC AGE ALL PEOPLES WILL BE CONVERTED TO JUDAISM." — And, expounds the terminus, "In other words, the Jews can and must march at the head of humanity on the road of personal and social progress, on the road to ethical perfection," (pg. 531).

Falling prey to optimistic delusion of the Jewish supremacy over the human struggle, Klausner states: "Both present-day Judaism and present-day humanity require completion, they demand and are prepared for development and progress," pg. 525. Cabalistically, the correct interpretation

means . . . the upgrading of Judaism and the downgrading of the balance of humanity. The ultimate is the destruction of society for the rebuilding anew under Jewish Law, and the authority of the rabbis and the Sanhedrin. In effect, Judaism cannot attain perfection until all other religious foundation is totally destroyed, or has come to the status of a 'still-born' society to be rejected by the Most High. — Understanding the Jew, one must understand his oriental concept of ancient mystery rites, and the compounding ideas produced in the Cabala where the cipher method of interpreting Scripture was spawned, and where the Illuminati was created as the cadres in the Jewish underground movement. The cabala also became a fraternity in aid and benevolence for the dispersed Jews. High on their agenda, was the fulfillment of prophecy in messianic thought in Scripture and the return to their homeland.

On December 9, 1831, in Munich, the capital of the ancient Kingdom of Bavaria, Moritz von Hirsch conceived the idea of settling Jews on farms in Argentina, and, though it became an ill-fated plan it served as a pivotal point for Theodore Herzl to become the father of Zionism in 1895. The outlook was toward a social evolution, and to develop a core of economic dynamics to systematically weave a change through political action. Wars were invented for the crude surgery in the reconstruction of world power, and assimilation into the mainstream of political, religious, social, economic phases; and educational transformations would assure progress by implementing a growing intractability of the environment, and the metamorphosis of all progress into retrogression. Outlined in the PROTOCOLS OF THE LEARNED ELDERS OF ZION is the format and a skeletal as a handbook of operation in anarchy, projected proposals in assassination and revolution to topple the monarchies, colonialism, effecting the diminishment of all Christendom; and from here, the Zionists have become specialists in creating social sickness, with the world in the state of apocalyptic aftermath.

The WELFARE PLAN is not essentially what it appears to be — aid and assistance to the poor, but really a means to an end in creating economic abundance in utopian grandiose performance. The deficit in the national debt carries no real responsibility, and serves only the Jews, since it is a messianic action by the Zionists, who have the power to institute a suspension of all debt. The inorganic problems in ecology, though problematic, are combined with the messianic idea for priestly judgment upon nature. The June War of 1967 was a tactical move to acquire Mt. Moriah, and all of Jerusalem, great emphasis being placed on pilgrimages to the Holy Land. Tourism, sponsored by thousands of clergymen, lead members of their flock on these yearly pilgrimages not realizing it is in part, fulfilling the Zionist messianic idea.

Sustaining Evidence

The magnitude of war is submerged in the polemics of Zionist dissent; it is simply comic ridicule, and contrary to expectations, resulting in duplicity in negotiations, and false hopes for the honest citizen. The prologue of events that must take place before Zionists realize their messianic dream in the advent of their Messiah, is listed on page 525 of Klausner's book. Seven provisions are listed: 1. "The elimination of imperialistic oppression — 2. "The cessation of wars, — 3. "everlasting peace, — 4. "fraternity of nations in 'a single band', — 5. "the removal of evil in man and nature, 6. "economic abundance, — 7. "the flowing of all peoples to 'the mount of the LORD's house'." The above submitted analysis mirrors the conditions of these particulars, and the whole complex has become a reality in the light of the historical events of the Twentieth Century. The colossus of united Zionist conspiracy should be judged as the Anti-Christ of history.

Sowing truth is like reaching across an immense distance where no human decencies remain . . . nothing but a vast illusion where savagery, despair, exhilaration and repressive revolution go on and on, like the winking neon sign, in a fog where insanity and frustration become a new kind of madness. — Suicides are on the increase where fortunes are lost, the dignity of man and the national character wrestle with psychoses in the confusion of chattering about the future — Rhythm riots, and hippie insanity characterizes the generation gap. Sexual abuse is a formality in desecrating womanhood, the seed-bearer of civilization. Manhood is lost in dope addiction, perversion, in pervasion as the antithesis of his creative state animating the aimless society. Such are the fruits of the twentieth century civilization in the creation of a false-face before God; and to be judged for the lack of vitality to stand for right and against the evil of togetherness in the Zionist plot to reduce man to a human animal. — Dope users, loose Virility plus Contraception plus Abortion equals loss of numerics in the World of the Gentile.

There is a common feeling among Christians everywhere, that the day of judgment is not afar off. Discretion reserves comment, but what is of certainty, the "reorganization program" Mr. Nixon proposes has the ear-marks of continued displacement of Gentile Christians in the framework of Government. Abolishing jobs comes along with CHANGE. Jews and Blacks are given priority over the Gentile, resulting in capability yielding to inefficiency as a needed corrupting influence for the quota in the DEATH OF CIVILIZATION. Several thousand new offices are in operation for issuing citations on ecology; to become in due time a regional area directive 'hang-out' for commissars, the American NKVD — Truly, the messianic idea constitutes the world's number one pathological problem in their hallucinosis to conjure mankind in hell, and elevate themselves to the head of all humanity.

The book, THE FUTURE AS HISTORY, by Robert L. Heilbroner gives insight to factors outlined in this manuscript. "More than the rising masses of the world of destination to which their incoherent revolution may hopefully carry them, it is the humanist spirit of the West who will feel most betrayed by violence and excess which will likely accompany its course. Ever hopeful to re-entry of the communist nations into Western community of thought, it is the Western intellectuals and idealists who will bear the full agony of watching for and waiting for signs of change which may be very long in coming. Alive to the immense potential benefits of the technical virtuosity of their age, it is again the guardians of the humanist tradition who will most despair at its continued misapplication; just as it will be they rather than the masses who will wish for a more responsible form of economic society, who will chafe at the continuance of the old order." Thus, feeding the irresponsible with unearned bread is the metamorphosis of the society, as an absolute idea to a promised land, and the weariness and disappointment of the responsible surrender to the ideals of Zionism.

Quoting an off-repeated account in history: — Just before the Battle of New Orleans . . . an unusual dense fog descended on the fields outside the city, where General Jackson's army was to make a stand. As he rode out to inspect his ill-equipped troops, a young soldier spoke up. "But General sir," said the boy, "how can I fight and defend myself against an enemy I can't see?" — "Sooner or later, your enemy will show himself," replied the General, "and you will know what to do." — then looking upward for a moment as if for guidance, he added: "And in your future life, if you survive this, and by God, you will — you will be confronted by many unseen enemies of your hard fought liberty. But they will show themselves in time — time enough to destroy them."

MEANY BREAKS THE BARRIER

SHOWDOWN ON U.N.

By MARY DAVISON

For 10 years we have tried to persuade the Senate of the United States to examine the very short Charter of the United Nations and to learn that our adherence to that organization has led us to rejection of the Constitutional Republican form of government.

The "Incident"

For some time it has been apparent that some of the Senators, recognizing the truth in what we have been saying, had sincerely hoped for an incident — or the recommendation of a person or group of politically accepted prestige — that would provide excuse for action.

The Cat's Out of the Bag!

The first step in the realization of their hope came about on August 24, 1970, when George Meany, A.F.L.-C.I.O., and Edwin

JAY LOVESTONE

Westbrook Pegler, referring to the Zionist Jews, Irving Brown and Jay Lovestone (Jacob Liebshtein), once paid agents of Marxist David Dubinsky to help communize Europe, stated: (6/2/53): "The two Red Communists to whom I refer are Jay Lovestone . . . and Irving Brown . . ." Of course, now they are "former" communists. Benjamin Gitlow, a sincere former Communist, would not buy this. (Pegler's Column, Aug. 14, 1953).

Neilan, former president of the U.S. Chamber of Commerce, made a dramatic appearance before the Appropriations Committee of the U.S. Senate recommending that the budget appropriation of the International Labor Organization already ratified by the Lower House be rescinded.

And Who Did It?

These highly prestigious individuals presented a picture of the United States, paying many times the assessments of any other nation, being villified, degraded and condemned on a day by day basis. Several Senators who had served as delegates to the United Nations itself testified that the same practices are common at United Nations meetings and recommended that Congress look into the conduct of such other U.N. agencies as United Nations Development Program ("developing" world-wide "infrastructure" for the industrial empires of the American Monopolists transferring their plants to the "low-wage" countries of Asia and Africa); UNESCO (destroyer of our educational system); United Nations Development Organization (also engaged in world-wide development).

International Labor Organization

The Senate voted (49-22) to pay our "dues" up to July 1, 1970 (taken from the Congressional Record, Aug. 24, 1970) and suspend any further payments to the I.L.O. At this point they were in a mood to resign from the organization even in the face of an emotional and passionate plea on the part of Senator Jacob Javits. When the emotionalism failed, Mr. Javits was forced to tell them the truth — up to a point:

Can We Get Out?

The United States Senate, which voted the United States into the U.N. and its "Specialized Agency", the I.L.O., COULD NOT VOTE US OUT (Taken from a debate reported in the Congressional Record, 8/24/70). In adopting the I.L.O. Charter as a Treaty, we had agreed, irrevocably, that in order to TRY to get out, we would have to give the General Assembly two years notice, pay up all dues and assessments voted against us during the two year notice period . . .

Mr. Javits Knows!

When the thoroughly outraged Senate recovered its composure, the demand was made that we pay the whole thing and GET OUT. But the suave "insider," Mr. Javits, then informed them that the Senate cannot get the country out of the I.L.O. (or for that matter, any other U.N. agency) under any circumstances. They might adopt a resolution asking the President to direct the American Ambassador to the United Nations (Yost) to give the two year notice. What he failed to tell them is that the President is under NO OBLIGATION to pay any attention to a recommendation of Congress, and if he did, the Ambassador, having acquired the title and power of a "Plenipotentiary" under an amendment to the U.N. Participation Act, may ignore the President's request.

And the End Is Not Yet

If the U.N. refuses to accept the notice, the Senate can appeal to the (U.N.) World Court which has sole jurisdiction over treaties. Furthermore, if we continue to refuse payments of our "dues and assessments," the U.N. can sue us in the World Court.

ARE WE THEN, A REPUBLIC, A DEMOCRACY OR A STATE IN A WORLD GOVERNMENT?

The decision of the Senate to cut off the money on the I.L.O., from the viewpoint of the U.N., the C.F.R. and the Nixon Administration, simply cannot stand. What's more, any public discussion of the subject might lead to congressional examination of the other treasonous agencies of the U.N. Threats, bribery, the "frame up," arm-twisting and assassination are the time-tested persuaders of the past. This is indeed a time of testing — a time of supreme crisis — for if Congress learns of the perfidy of the International Labor Organization and suspends its generous contributions, they will become more tolerant of charges against the other "Specialized Agencies" and of the United Nations itself.

More History in the Making?

At this point in history — August 24, 1970 — George Meany had achieved the stature of a great and courageous statesman; the figure of the free enterprise representative, Mr. Neilan, was overshadowed by the representative of the "labor vote." Scarcely a man among the Senators sensed that the "right" and the "left" in the industrial world had broken ranks — the first of (hopefully) many breaks to come as INFORMED American public and Congress sense their danger and begin to practice what they (both sides) have been taught — to practice what they preach — give the other side a fair hearing. The "system" — the Establishment — has created the division among the People and, supported by a currency which they have made worthless, must prevent our getting together and comparing notes.

Barnum and Bailey Might Lose Their Title

Mr. Meany raised the curtain on what could be the greatest show in history — if he stands firm. He has, consciously or unconsciously, "taken on" the money power of the world which created the United Nations and uses it as the law-making body of a World

Government dominated by an interlocking World-wide Federal Reserve System.

Where Is the "Free Press?"

The only protection Mr. Meany could have is the publicity of a Free Press. This he has not had for the simple reason that the "Establishment" owns or controls at least 90% of the Communications media.

Shades of Westbrook Pegler

There have been times when an independent editor or columnist raises the curtain, exposing the sordid drama which dominates the political scene in Washington. It happened many times in the era of Westbrook Pegler — and what a time he could have had with the current performance, involving as it does, two of his favorite targets Irving Brown and Jay Lovestone. The Pegler treatment is widely credited with having driven these two characters out of the country, whereupon they soon turned up in top

positions in the International Labor Organization.

Communist Party, U.S.A.

Lovestone was a charter member of The Communist Party, U.S.A. His picture appears in a photograph of the organizational meeting published in the Lusk Report. Following the action taken against the I.L.O. by the Congress, the gold-brick twins were hastily summoned to a secret meeting of their fellow World Government promoters in a desperate effort to rescue the International Labor Organization from the long-overdue wrath of Congress, and the well-founded charges of George Meany.

Anti-Communists, Mr. Riesel?

The columnist, Victor Riesel, reported (South Bend Tribune for October 22, 1970), most cautiously, a few "facts" revealed to him and admittedly withheld other information as "confidential." He painted Brown and Lovestone as a two-man team of "anti-communists." Lovestone directs the A.F.L.-C.I.O. Foreign Affairs Department while Brown heads the A.F.L.-C.I.O.'s African American Labor Council. Few who remember the inglorious history of Brown and Lovestone before they departed for healthier climes will question the opening remarks of the Riesel column:

WASHINGTON:

"It was a most remarkable private performance through which Richard Nixon sat in his office. With him were a remarkable combination of men few would believe would ever gather and confer in the Oval Room."

He goes on to state that they met for an hour and ten minutes; Richard Nixon, Brown and Lovestone, Secretary of State (Continued on Page 4, Column 3)

UNDERSTANDING JEWISH STRATEGY

By FRED FARREL

Few Americans understand Jewish strategy. The Jews are not at all interested in being understood by Goyim. In recent decades they have thrown a vast smoke screen around themselves. Their effective control of both the Right Wing and the Left Wing gives them mastery of all public controversy. Many "Patriots" have concluded that the Jews are "Unbeatable Supermen." We COMMON SENSE people, looking at the cold facts, have concluded that the Jews are a bunch of Jerks. They have grabbed power in the U.S.A., but they are absolutely incompetent to keep the U.S.A. on the world map. If they remain in power, the U.S.A. will be an uninhabited desert within thirty years, and possibly much sooner. The incompetence of the Jew in world geopolitics is absolute. It is incurable. The Jew simply is incompetent to live in the real world.

"We get many fan letters from Right Wingers who labor under some very dangerous delusions. One wrote to me recently, 'Mr. Farrell, some day the Right Wing will save you from a Russian jail.' Many Right Wingers still believe that some sweet day they will win a glorious victory over Russia. As a hard-headed realist, I do not believe that this can be done by slogan-shouting. Lt. General Ira C. Baker, in a recent newspaper column, discussed recent cuts in the Department of Defense budget. Baker said, 'This cut in defense funds also was made with the knowledge that the United States was no longer the No. 1 world power, it having been surpassed by the USSR in nuclear delivery capability and overall strategic power. This new defense budget, if approved by the Senate — (The Senate doves threaten further cuts) — means that less than 7 per cent of the U.S. gross national product will be spent on defense. It also means that U.S. unilateral disarmament, which has been in progress for several years, will now be accelerated. Many fateful consequences will flow inevitably from U.S. loss of world leadership.'

If you are going to promise to rescue ME from a Russian jail, I want to be sure that you really can do it. I don't believe you can do it with your big loud mouth. I want to know that you have suitable military hardware. The Europeans also want answers to these vulgar practical questions and they are not satisfied with the answers they have gotten. Lt. General Ira C. Baker says in his column, 'European leaders for some time have realized that the United States is no longer a dependable ally and assured protector; her people having lost the will and refused to provide the means for free world leadership.'

The Jews have won some great victories in the U.S.A. They have won control of the minds of the sons and grandsons of all of the Goy Conservatives. A recent issue of NEW YORK Magazine says, 'Of all of the triumphs of the Jewish style in America of the 1950's, none, surely, was as bizarre or unlikely as the radicalizing of the elite youth of the Eastern Seaboard patriciate.' WHERE were the big-time "Conservatives" while the Jews were taking over mental control of their sons and grandsons? They were busy howling about "Free Enterprise" and "The Constitution." They were in a state of self-hypnosis, in which they dreamed of great victories while they sank deeper into defeat and ruin.

The issues about which the Right Wing agitates itself are really non-issues. They do not even exist. They are merely Jew-made channelization. The Right Wing will never save me from a Russian jail. They cannot even save their own rascal hides, and perhaps don't want to. Today they are nothing but two-legged cattle owned by the Jews. Historians have a name for this kind of two-legged cattle. They are called FELLAHEEN. The Jews have made the American Goyim into worthless Fellaheen. The Right

Wing has cooperated with this process instead of opposing it.

The only real issue in the world today is the MILITARY issue. The U.S.A. has disarmed unilaterally. Meanwhile the U.S.S.R. has become a gigantic armed camp all the way from Leningrad to Vladivostok. The stupid pap uttered by your favorite "Great Anti-Communist" gasbag pales into utter insignificance in this picture. In international affairs, VIOLENCE is always the ultimate answer. ARMED FORCE is what keeps a nation on the world map. Since the Jews have become our ruling class, they have abdicated our position on the world map. Armed Force is not useful to the Jews. Their power-methods are intellectual rather than military. They still think that they can win and hold control of Russia by purely intellectual and ideological means. In the past they have enjoyed some great successes in this field. They put the Communist and anti-Communist swindle over on us. Actually, the Jews have always run both sides of the Left-Right game, and there has never been any real battle involved. They plan to fight Russia with ideologies, with debates, with cheap intellectual chicane. A hundred years ago the times were favorable to Jewish methods, but the Jew was never anything more than a parasite. He contributes nothing to the betterment or improvement of any people he rules, including his own. The Jewish power of the Nineteenth Century was a mere accident of history. It has no roots even in the Hebraic tradition. The Nineteenth Century invention of Marxism was more German than Jewish. DAS KAPITAL drips with German mysticism. Today world conditions have turned highly unfavorable to the Jews.

Provincial Right Wingers hope for a victory to be won against Russia by Black Magic, by the utterance of Magical Incantations taught to them by "Great Patriots" and "Great Anti-Communists." The really big-time Right Wingers stake their hopes on something a bit more solid. They invest their hopes in Jewish agents working in Russia. The first of these agents, Leon Trotsky, came to a bad end with an ax planted in his head by a Stalinist hood. A good many of them languish in prison in the USSR today. None of the hopes of a merely ideological victory are any good.

In fact, the Jewish overlords of America have brought us to our end. The only real issue is the MILITARY issue. No other issue is of any importance whatsoever. VIOLENCE is the ultimate answer in world history. People who do not know this are mere fellaheen, mere two-legged cattle. The Jewish idea of world intellectual domination is an absurdity. If matters continue on their present course, one day a great mushroom cloud will arise over New York. Hitler may or may not have killed six million Jews; my own opinion is that if he

"The money-power and the revolutionary-power have been set up and given sham but symbolic shapes ('Capitalism' or 'Communism') and sharply defined citadels ('America' or 'Russia') ... Such is spectacle publicly staged for the masses. But what if similar men, with a common aim, secretly rule in both camps and propose to achieve their ambition through the clash between those masses? I believe any diligent student of our times will discover this is the case."

William Rogers, Secretary of Labor James Hodgson and the ever-present Henry Kissinger. All except, perhaps, Meany and Hodgson were — or are — members of the Council on Foreign Relations.

Strange Bedfellows

If, as Riesel states, the two top policy representatives of the A.F.L.-C.I.O. have become ardent "anti-Communists" in their old age — what would be so strange about Mr. Nixon, Mr. Meany and the Cabinet officers meeting with them? The Oval Room of the White House might be a strange meeting place for such a collection, but they had to meet some place to plan strategy to prevent Congress from inquiring into the other agencies of the United Nations, many of which are far worse and more dangerous than the I.L.O.; for example, the World Banks and the International Monetary Fund, the Agency for International Development, UNESCO and others.

Let's Tell the "Hard Hats"

It is evident that Mr. Meany and his Report to the Congress are getting the top priority (and secret) treatment at Mr. Kissinger's White House. The "Hard Hats" should really learn about this and act in support of their leaders.

didn't, he should have. After the mushroom cloud arises over New York, there will be no room for doubt or argument. Six million Jews will perish in the twinkling of an eye. In the hour of their death they will serve a useful purpose. They will demonstrate once and forever that the Jews are absolutely incompetent to be rulers over other people. Hitler's hard-working gas chambers will be outclassed entirely. There will be no book reviewers left to praise Solzhenitsyn in the New York Times. For the Jews of New York there will be only perpetual oblivion, and nobody will be left to mourn them. We wonder why they even bothered to escape Hitler, only in order to commit mass suicide here, and, worse, to drag the U.S.A. down to final ruin along with them.
